PUBLICATION DATE: 31st January 2007.

TROPICS

TROPICS is issued quarterly with one volume per year. The journal publishes papers in all aspects of ecology and/or other fields of science related to ecology. It is open to the results of original research, experimental or descriptive, and to significant reviews of aspects of the ecology of tropical regions. It aims not only to act as a valued means of communication between Japanese ecologists and other field scientists, but also to stimulate the research activities of ecologists and scientists of tropical regions. All members of the society can contribute to **TROPICS**, and invited articles may be accepted at the request of the Editorial and Advisory Board. Special issues of monographs or reviews may be published on occasion by decision of the editorial board.

Instruction to authors

TROPICS is published by Japan Society of Tropical Ecology as an international journal. Manuscript preferably in English (or Japanese) should be sent to the editor-in-chief. When a paper is submitted to **TROPICS**, it is assumed that the work has not been published elsewhere and that the paper is not being simultaneously submitted to another journal. **TROPICS** accepts full papers (scientific papers), short papers (scientific papers with fewer than 4 pages when printed), field notes, selected papers from symposium, reviews and monograph are also available. A contribution will be critically reviewed by two reviewers regarding the suitability of the manuscript for publication in **TROPICS**. The Editorial Committee reserves the right to make the final decision on the acceptance or rejection of the manuscript.

1. Make your manuscript using Microsoft Word (Windows version). Manuscript should be written in double-spaced throughout, and with a wide margin (more than 2 cm). Send your manuscript by attached file to Editorial committee. Tables and figures are expected to be sent as one pdf file. You can also make high resolution jpeg file for tables and figures. If you are not affordable to send an original and one hard copy of them by mail. We are able to accept up to 3 MB file.
2. Do not include your table, figure, and photo in the text. Prepare them separately in a page. Please make a complete figure and photo.
3. English abstract is required for Japanese submission.
4. A cover page is required which includes the name of the corresponding author including address, telephone number, facsimile number, and e-mail address, a title, a running title, keywords, numbers of text pages, tables, figures and photos, and the date of submission.
5. Following acceptance, a copy of the manuscript (text, tables, figures and photos if affordable) must be submitted on disk.
6. Fifty reprints will be supplied by actual expense 5,000 yen (JPY). The author will be charged for additional reprint orders at 5,000 yen (JPY) per 50 reprints.
7. Literature citation should indicate the author and year (Primack, 1999; Primack and Ashton, 1999; Primack et al. 1999) in chronological order in the text and listed in alphabetical order in the reference list as follows:
 - a. For periodicals
Primack, R.B. & Hall, P. 1991. Species diversity research in Borean forests with implications for conservation biology and silviculture. *Tropics* **1**: 91-111.
 - b. For books
Whitmore, T.C. 1984. *Tropical Rain Forest of the Far East*. 2nd ed. Clarendon Press, Oxford, 352pp.
 - c. For edited books
Denslow, J.S. 1985. Disturbance-mediated coexistence of species. In: *Natural Disturbance and Patch Dynamics* (eds. Pickett, S.T.A. & White, P.S.), pp. 307-323. Academic Press, INC. California.

Submission: Manuscripts and correspondence concerning editorial matters should be addressed to the Editorial Office.

Editorial Office of the Japan Society of Tropical Ecology

Instruction to authors

TROPICS is published by Japan Society of Tropical Ecology as an international journal. Manuscript preferably in English (or Japanese) should be sent to the editor-in-chief. When a paper is submitted to **TROPICS**, it is assumed that the work has not been published elsewhere and that the paper is not being simultaneously submitted to another journal. **TROPICS** accepts full papers (scientific papers), short papers (scientific papers with fewer than 4 pages when printed), field notes, selected papers from symposium, reviews and monograph are also available. A contribution will be critically reviewed by two reviewers regarding the suitability of the manuscript for publication in **TROPICS**. The Editorial Committee reserves the right to make the final decision on the acceptance or rejection of the manuscript.

1. Make your manuscript using Microsoft Word (Windows version). Manuscript should be written in double-spaced throughout, and with a wide margin (more than 2 cm). Send your manuscript by attached file to Editorial committee. Tables and figures are expected to be sent as one pdf file. You can also make high resolution jpeg file for tables and figures. If you are not affordable to send an original and one hard copy of them by mail. We are able to accept up to 3 MB file.
2. Do not include your table, figure, and photo in the text. Prepare them separately in a page. Please make a complete figure and photo.
3. English abstract is required for Japanese submission.
4. A cover page is required which includes the name of the corresponding author including address, telephone number, facsimile number, and e-mail address, a title, a running title, keywords, numbers of text pages, tables, figures and photos, and the date of submission.
5. Following acceptance, a copy of the manuscript (text, tables, figures and photos if affordable) must be submitted on disk.
6. Fifty reprints will be supplied by actual expense 5,000 yen (JPY). The author will be charged for additional reprint orders at 5,000 yen (JPY) per 50 reprints.
7. Literature citation should indicate the author and year (Primack, 1999; Primack and Ashton, 1999; Primack et al. 1999) in chronological order in the text and listed in alphabetical order in the reference list as follows:
 - a. For periodicals
Primack, R.B. & Hall, P. 1991. Species diversity research in Borean forests with implications for conservation biology and silviculture. *Tropics* 1: 91-111.
 - b. For books
Whitmore, T.C. 1984. *Tropical Rain Forest of the Far East*. 2nd ed. Clarendon Press, Oxford, 352pp.
 - c. For edited books
Denslow, J.S. 1985. Disturbance-mediated coexistence of species. In: *Natural Disturbance and Patch Dynamics* (eds. Pickett, S.T.A. & White, P.S.), pp. 307-323. Academic Press, INC. California.

Submission: Manuscripts and correspondence concerning editorial matters should be addressed to the Editorial Office.

Editorial Office of the Japan Society of Tropical Ecology

Dr. Tsuyoshi Yoneda (Editor-in-Chief of **TROPICS**)
Faculty of Agriculture, Kagoshima University, Kagoshima, 890-0065 JAPAN
Phone & Fax. 81-99-285-8571, E-mail: yoneda@agri.kagoshima-u.ac.jp

Upon receipt of the manuscript, the author(s) will be informed of the date of receipt and the registration number of the manuscript. The registration number should be quoted in all correspondence thereafter.

All the manuscripts, including the proceeding, will be subjected to peer review by two outside reviewers.
